bernette

Experience the bernette Rome models at your dealer's.

Discover the world of bernette sublime. Each model has so much to offer: robust construction, numerous functions and features, and an appealing design for all ages. The bernette sublime sewing, embroidery and overlocking machines are made by a modern, highly qualified manufacturer in Asia, while BERNINA is responsible for quality control and guarantees a high standard of performance. Thus it is possible to offer the bernette sublime Series to our customers at an outstanding price/performance ratio.

The computerised bernette Rome 8 sewing machine fulfils every conceivable demand creative users could make of a budget-priced, high-manufacturing-quality machine. Thanks to its ergonomically arranged control keys and a high-resolution matrix display unsurpassed in its class, the bernette Rome 8's versatility and ease of use enable quick, professional-looking garment alterations and repairs. For ambitious users, the bernette Rome 8 offers a number of stretch and quilting stitches and 10 different buttonholes. Creative sewers too will quickly discover just how versatile this machine is, with its decorative stitches and alphabets that can be saved in pattern combinations.

The lighting system with two LED lights and the Quick Reference Guide integrated into the base plate facilitate working with this compact sewing machine, whose dimensions allow for space-saving household storage. In addition, the various presser feet are also handily accommodated in the base plate.

Computer

The bernette Rome 7 is the top model of the mechanical bernette Rome range. Equipped with the widest range of stitches, this machine is your professional partner of choice, even for complex sewing tasks. No matter what speed you sew at, the electronic motor regulation ensures consistently powerful needle penetration and a steady speed. The start/stop button and the speed regulator can be used instead of the foot control. A superb selection of stitches, infinitely variable speed control and a wealth of additional features and functions make the bernette Rome 7 a trusty companion for all your sewing adventures.

A generous range of stitches and plenty of scope for giving creative, individual form to your ideas - that's what the bernette Rome 5 offers. Ease of operation, automatic one-step buttonhole, 7mm-wide decorative stitches and simple threading allow you to accomplish all sewing tasks easily and confidently. The base plate guarantees smooth and quiet running and absolute stability. The bernette Rome 5's handy size makes it a popular companion on your travels and at workshops and courses.

Clear features and functions coupled with outstanding performance at a budget price. The bernette Rome 3's ease of operation and infinitely adjustable stitch width guarantee effortlessly perfect sewing results, for instance when altering or repairing garments.

The automatic upper-thread threader is a thoroughly professional touch.
