### Installation manual BERNINA CutWork Software SP2

#### Note:

The instructions take you step-by-step through the installation of Service Pack 2 for the BERNINA CutWork Software V1 on a computer with a Windows® XP / Windows Vista<sup>TM 1</sup> or Windows® 7<sup>1</sup> operating system.

The file names and illustrations used may be different, depending on the installed operating system. In this installation manual, illustrations from Windows® 7 are used.

#### **Installation Requirements**

- Your computer is Windows® 7<sup>-1</sup>, Windows Vista<sup>™ -1</sup> SP1 (SP2) or Windows® XP SP2 (SP3) operated.
- An operating BERNINA CutWork Software V1 installed on your Computer.
- All programs must be closed.
- Administrator rights for your computer.
- Before you start with the installation of the Service Pack, please be sure that the **Dongle** is NOT in an USB-Port.
- Safety warnings during installation are confirmed with "Execute" or "Continue".

The Service Pack 2 can only be installed to the following existing and operating systems:

- BERNINA CutWork Software V1 Release 4252
- BERNINA CutWork Software V1 Release 4648
- BERNINA CutWork Software V1 Release 4727 (SP1)

This particular information will be found in the BERNINA CutWork Software under:
