## Best Quality for Skilled Sewers!

**activa 240**  
**BERNINA<sup>+</sup>**

**activa 230**  
**BERNINA<sup>+</sup>**

If you plan on doing a lot of sewing and appreciate a top-quality, easy-to-operate machine, then the activa 240 and 230 are right up your street! Whether you wish to sew garments and home furnishings or quilting is more your game, both models will meet the needs of the skilled sewer. The powerful motor delivers high penetration power for effortless sewing of multi-layered fabrics, and the BERNINA CB hook system guarantees outstanding stitch quality. Sewing alphabets and decorative stitches provide for variety and creativity. BERNINA presser feet, CFL sewing light and the extension table, as well as the free-hand system of the activa 240 boost sewing comfort and ease. Both models can be upgraded with a wide range of special accessories, letting them keep pace with your growing requirements. The activa 240 and 230 – robust quality for a strong sewing performance.

# BERNINA+

## LCD Screen

The illuminated screen gives you all necessary information and settings at a glance: as an aid to sewing, the selected stitch, stitch length and width, needle-stop position and recommended presser foot are displayed.

## Thread Cutter

Three thread cutters make it a cinch to cut the upper and lower thread.

## Semi-Automatic Threader

This threading aid effortlessly guides the thread through the eye of the needle – quickly and reliably.

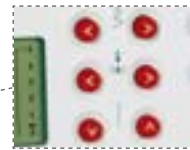

## CFL Sewing Light

The bright-as-day BERNINA CFL sewing light provides shadow-free illumination of your sewing project from three sides, better than any other sewing light (activa 240 only).

## Two Spool Holders

The second, vertical fold-out spool holder is especially practical for winding bobbins, and when using twin needles.

## Stitch length/stitch width and needle position

Press the buttons to individually alter stitch length, stitch width and needle position – it's quick and practical. The altered settings are displayed on-screen, and are stored temporarily.

## Automatic Buttonhole

The set buttonhole length is saved, so that buttonholes of the same length can be sewn automatically and as often as wished.

## Sewing Functions

For easy and reliable sewing, you can set Needle stop up/down, Half motor speed, Pattern end, and Mirror function at the touch of a button.

## QUALITY

### CB Hook System

The easy-to-clean CB hook system delivers perfect stitch quality and thread tension.

### Durability

The activa models are characterised by their sturdy construction, durability, and finest BERNINA quality.

### Motor

The powerful motor (900 rpm) boasts high needle penetration power, so you can also sew thick and multi-layered fabrics.

### Flexibility

The activa grows to keep pace with your skills, so you can individually upgrade the basic model with a wide range of special accessories, thereby expanding your sewing options.

## STANDARD ACCESSORIES

### Free Hand System FHS (activa 240 only)

A true BERNINA Highlight: the knee-operated presser-foot lifter lets you raise the presser foot whilst simultaneously lowering the feed dogs, leaving your hands free to guide your sewing project.

### Extension Table

Simplicity itself to attach to the machine's free arm, the activa's extension table offers comfortable and improved handling thanks to its larger work surface.

### Unique! BERNINA Presser Feet

(these vary from country to country)

- Reverse pattern foot no. 1
- Overlock foot no. 2a
- Buttonhole foot with slide no. 3a
- Zipper foot no. 4
- Blindstitch foot no. 5
- Darning foot no. 9
- Patchwork foot no. 37

## SPECIAL ACCESSORIES

### Exclusive! BERNINA Foot Control

In addition to regulating the speed, heel pressure on the foot control can be used to raise or lower the needle, or sew stitch-by-stitch.

### Set of magnifying glasses

Simply clip the set of BERNINA magnifying glasses of varying strengths onto the machine just above the needle for a perfect view of the needle and sewing area.

### Start/Stop Unit

The start/stop unit lets you activate the sewing process by hand and steplessly adjust the sewing speed. With the start/stop unit, you can sew without the foot control.

### RANGE OF OPTIONAL BERNINA PRESSER FEET

- Walking foot no. 50
- Free-motion couching foot no. 43
- Needle-punching tool
