## INSTRUCTIONS

3. Sew the interior pockets from lining as desired. Sew the lining in the same way as the handbag. Stitch the lining right side on right side on the facing of the inner flap. Place all facings inwards. Topstitch the outer edge of the flap and go on sewing for approx. 2.5 cm into the back side.
4. Stick a strip of Wonder Tape on the back of the carrier along the centre. Stick both long edges butt to butt on the tape and topstitch the outer edges. Cut 2 pieces of 10 cm each. Attach the rings to the short pieces, join the ends and sew them to the bag from the right side. Fold in the upper edges of the lining, pin them to the lower edges of the facings and topstitch all layers from the right. Alternatively, sew the remaining top edge of the lining by hand. Thread the long carrier piece into the rings and sew it in place.
