

**BERNINA Software/Firmware Release**  
**Q-matic**  
**V 1.0.0.36**

Steckborn, 14.12.2016

**Information on Software/Firmware Update**

The software/firmware for the BERNINA Q-matic has been updated and optimized. In this release note only the most relevant changes are listed.

Note:

BERNINA recommends all their customers of the corresponding product class to always use the latest software (Firmware release) as we keep on improving it according to customer feedback and wishes, considering new features, general optimization as well as a removal of defects to ensure the best possible sewing and embroidering experience on the BERNINA Product.

This software update installer (Q-matic-PC-Setup\_1.0.0.36) includes the following parts:

Q-matic application V 1.0.0.36

Q-matic controller firmware qcs4239v105

Q series firmware V 36.49.12 (details according to separate release notes)

**Following improvements and adjustments have been made:**

- **Speed increase**  
Significantly increased speed for automated quilting.
- **Additional quilt designs**  
39 added quilt designs by Sarah Vedeler and Tula Pink.
- **Further error corrections and optimizations.**

BERNINA International AG endeavors to keep improving and optimizing their products basing on customer feedback and the latest technical developments.

Kind regards,

BERNINA International AG
