

BERNINA Embroidery Software 9 – Server Maintenance

BERNINA Embroidery Software 9 will be undergoing server upgrades to improve our service and your user experience. It will take place on Sunday/Monday 3/4 April (depending on where you are) for approximately 6 to 8 hours.

This is an internal server update only, NOT a software update. It will have no effect on your software.

Registration and Sign-in will not be available during the server maintenance.

If you have already signed in and selected the "Keep me signed in" option, you will be able to use your software during this period.
