### Instructions

- Hoop two layers heavy weight wash away stabilizer.
- Stitch first stitch of embroidery design which is the Back Layer Placement Stitch. Photo 1
- Center and place back fabric wrong side up. Stitch the second stitch of embroidery design called Back Layer Cut Line, Tackdown & Loop Placement Stitch. Photo 2
- Trim fabric along cut line. Photo 3
- Fold elastic piece in half, and place over Loop Placement Stitch, with folded side out and cut ends inside. Tape in place. Photo 4
- Stitch the Loop Tackdown, making sure the elastic doesn't move.
- Remove tape.

Photo 5

- Using temporary spray adhesive, spray both sides of the Insul-Bright. Center and place Insul-Bright over back. Photo 5

- Stitch on the button over the Button Placement Stitch. Photo 11
  - Place the cup koozie around your cup and button in place. Enjoy the different ones!
- NOTE: If you need the koozie to fit a slightly smaller cup, use shorter elastic and/or stitch the button further in than the Button Placement Stitch. If you need to fit a slightly larger cup, use a longer elastic. You can use the Insul-Bright Pattern to get an idea how the koozie fits around the cup you want to use it with.
