

“CONNECTIONS”

Celebrating 125 years of Creativity with Bernina

Designed by Chris O'Brien, Adelaide/South Australia

STEP FIVE: ADDING THE BACKGROUND SQUARES AND RECTANGLES

Now it's time to begin adding our background squares and rectangles. Use the photograph below as a guide to fabric placement.

You'll notice that both the horizontal and the vertical seams in this quilt are off-set, necessitating some partial seams in the following construction process (but they are easily managed).

Please refer to the next set of instructions for putting your quilt top together.
