

Replacing the Isacord Thread Chart

1. Download the new Isacord Thread Chart from bernina.com and save it on your computer.
2. Navigate to the location of the downloaded file.
3. Open the zipped file and right click on the file and select Copy.

4. Open Windows Explorer.
5. Navigate to C: Program Files> BERNINA> Embroidery Software 6> RES.
6. Select the RES folder on the left side of Explorer to display the contents on the right.
7. Right click on the right side of the screen.
8. Select Paste from the drop-down menu.

9. When prompted to overwrite the original file, select Yes to have the old chart replaced by the new chart.
10. You may wish to keep the downloaded file on your computer as a back-up file.
