- OESD Ultra Clean & Tear Stabilizer
- OESD Aqua Film Topping
- Isacord Thread to complement

Supplies

SOFTWARE INSTRUCTIONS

- Open the Bernina Embroidery Software. Click on the *New* icon.
- Select *File > Insert Design.*
- Navigate to the location where you have stored the Bold & Beautiful designs. Select Design #8001-06. Click *Open.*
- Select *File > Insert Design.* Select Design #8001-31. Click *Open.*
- Move the leaf design between the upper petal and the left petal.
- Click the leaf a second time until the black sizing handles become hollow. Position the cursor over a corner handle and rotate the leaf so that the stem is nestled between the petals.
- Select *View > Zoom Out 2x.*
- Right click the *Lettering* Icon. Type *Where Flowers* in the Object Properties box that opens.
- Scroll down in the *Alphabet* field and select the *Roman-Small* font. Click *Apply.*
- Click at the upper right of the flower on screen to activate the lettering.
- Position the cursor on the middle left black square of the selected wording until you see the horizontal arrow. Drag it to the right until the "x" axis is 90% of its original size. Deselect the lettering by clicking on a blank spot on the screen.
- Type *bloom* in the Object Properties box. Select the *Eliza* font. Click *OK* to close the dialog box.
- Click the screen below the first set of lettering. Enlarge the word approximately 235%.

- Duplicate the words *Where flowers* by right clicking and dragging the duplicated letters below *bloom*.

- Right the duplicated *Where flowers* to open Object Properties. Change the words to *so does.* Click *OK* to close Object Properties.

- Duplicate *bloom* by right clicking and dragging the duplicated letters below *so do*es.

- Right click the duplicated *bloom* to open Object Properties. Change the highlighted word *bloom* to *Hope.* Click *OK* to close Object Properties.

- Hover over one of the outside sizing handles surrounding *Hope* until the diagonal arrow appears. Drag the handle to increase the size 125% proportionately.

- Hold the control key on the keyboard as you select each of the sets of lettering.

- Click the *Align Right (Vertical)* icon.

- With all the words still selected, click the *Space Vertically* icon.
- Select just the wording *so does.* Use the down arrow key on the keyboard to move that group of lettering closer to *Hope*.

- Hold the Control Key down on the keyboard as you select the leaf and the flower. Move the flower so that the petal is under a portion of the "H".

- Select *File > Insert Design*. Select Design #8001-42. Position the design in the upper right hand corner.

- Select the design again to activate the hollow rotation handles. Rotate the design to the right as shown.

- With the design selected, click the *Mirror-Merge Horizontal and Vertical* icon. Move the mouse until the duplicated designs are in position shown. Left click to activate the changes.

- Select the word *bloom* and *Hope* while holding down the control key.

- Click the down arrow beside the Color icon and select C7 Magenta.

- Right click the *Show Hoop* icon. Select *Jumbo Hoop #26*. Place a check beside *Display Hoops* if there is not one there already and click *OK*.

- Click the *Hoop Layout* tab.

- Select the hoop on the screen. Right click two times on the *Rotate Hoop Left / Right i*con to rotate the hoop 90 degrees to the right. The entire design should now appear green.

- Click the *Embroidery Canvas* tab.

- Select *File > Save As* and name the file *Where Flowers Bloom*.

- Click the Write to Machine icon. In the box that opens select the method of transfer for your machine.

PILLOW WRAP INSTRUCTIONS

- Center and embroider the design on the right side of a green 20" napkin. Use Ultra Clean & Tear as the stabilizer and also use a water soluble topping on the top if the napkin has texture.

- Gently tear the excess stabilizer from the back of the napkin. Remove the excess water soluble stabilizer by rinsing under warm running water.

- Place another 20" green napkin right side up on a table. Place a 20" yellow napkin over the top of that.

- Center a 16" pillow or pillow form over the napkins and place another 20" yellow napkin over the pillow.

- Place the embroidered napkin right side up over the yellow napkin.

- Gather each corner and place a rubber band around the napkin corners

- Tie a ribbon around each corner and fluff the pillow!
