

Success every time.

PATCHWORK & QUILTING

Editorial

Patchwork & quilting – textile art.
A fast growing fan base.

To produce amazing and surprising results, you need to enjoy what you're doing and have the skills to deliver. But even more so possibly, you need the right tools. So we have put them together for you here. Prym's Patchwork & Quilting range leaves nothing to be desired in breadth and depth. Even the most complicated patchwork technique is easier to manage with the little and big helpers featured in this catalogue. All products are guaranteed to possess the proverbial Prym quality. Utmost care and many decades of know-how are the ingredients used in the production of our range. Prym quality makes the difference!

The full product assortment is listed in the
index from page 52 and at www.prym-consumer.com

Measuring

I

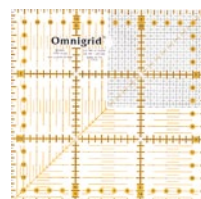

The right measure at the right time

The patented Omnigrid patchwork rulers are known for their excellent quality. Offering a wide variety of different rulers, Prym widens the spectrum of possibilities for any requirement – so quilters are guaranteed correct measurements.

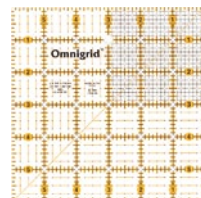

Omnigrid provides many advantages:

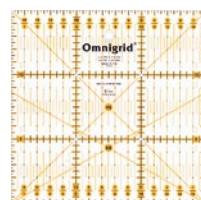

- Yellow/black grid print for precise marking on light and dark fabrics.
- Scratch-proof lasered markings on the underside of the rulers eliminate optical distortion.
- Thick and robust material helps steadily guide rotary cutters and art knives.
- Clear and functional arrangement of angle markings (30°, 45°, 60°) for cutting triangles and lozenges or also bias strips.
- Line spacing in increments of 0.25 cm, or 1/8 inch, for extra accuracy.
- Rulers available in metric and inch version.
- Easy and convenient use for patchworking; also suitable for dressmaking or graphic design.

B

C

Rulers

611 317
Universal ruler, 3 x 15 cm

A

611 645
Universal ruler, 1 x 6 inch

Mini ruler, ideal for marking seam allowances or hems and for checking the correct seam allowance.

611 650
Universal ruler, 3 x 30 cm

B

611 651
Universal ruler, 1 x 12 ½ inch

611 318
Universal ruler, 10 x 45 cm

C

611 477
Universal ruler, 4 x 14 inch

Handy and ideal for cutting strips, e.g. for Log Cabin.

611 306
Universal ruler, 15 x 15 cm

D

611 642
Universal ruler, 6 x 6 inch

E

611 484
Universal ruler, 15 x 15 cm

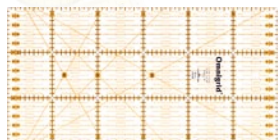

F

611 475
Universal ruler, 6 x 6 inch

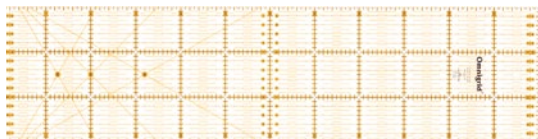

Practical and popular square ruler for small patchwork projects; special gridding facilitates quick and precise cutting of mini blocks and strips or squares of fabric that have been sewn together.

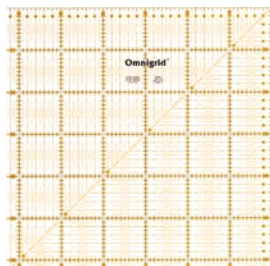

Measuring

A

B

C

611 307

Universal ruler, 15 x 30 cm

A

611 643

Universal ruler, 6 x 12 inch

As ruler 15 x 60 cm, but a little handier for smaller fabric pieces.

611 308

Universal ruler, 15 x 60 cm

B

611 644

Universal ruler, 6 x 24 inch

With 30°, 45° and 60° angle markings; suitable for work on larger fabric widths and for cutting triangles, lozenges or bias strips.

611 319

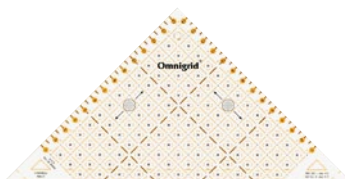

Universal ruler, 31.5 x 31.5 cm

C

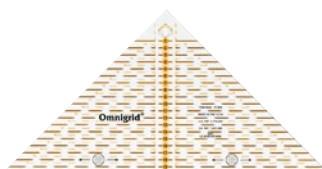

611 647

Universal ruler, 12 ½ x 12 ½ inch

For optimum measurement and straightening of all traditional blocks in this size.

D

E

F

611 314

Quick triangle for ½ squares up to 15 cm

D

611 641

Quick triangle for ½ squares up to 6 inch

611 482

Quick triangle for ½ squares up to 8 inch

611 313

Quick triangle for ¼ squares up to 20 cm

E

611 640

Quick triangle for ¼ squares up to 8 inch

611 483

Quick triangle for ¼ squares up to 12 inch

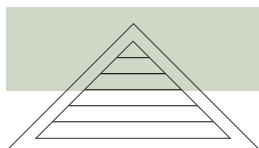

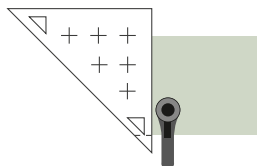

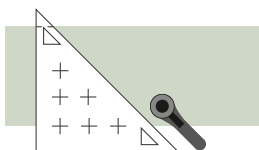

610 210

Omnigrip non-slip ruler, 6 x 12 inch

F

Special green colour prevents ruler from slipping.

Instructions for use “Quick triangles”

Squares of 2 triangles

Cut two fabric strips, each of which should be 1.5 cm = 2×0.75 cm ($\frac{1}{2}$ inch = $2 \times \frac{1}{4}$ inch) wider than the finished square for the seam allowance. Place the fabric strips right sides together, position the triangle ruler on the fabric strips so that the tip marked with a broken line projects beyond the upper edge of the strip. The finished size can now be checked at the bottom edge. Use the rotary cutter to cut along the straight and the bias edges. Turn the ruler for more triangles. The bias grain is always at the long side of the triangle.

Squares of 4 triangles

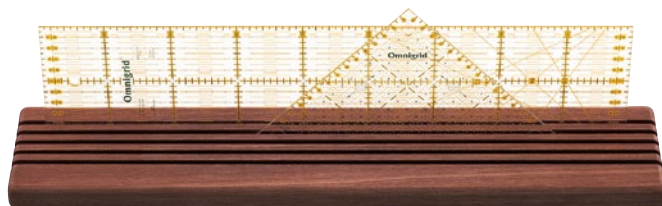

Place the triangle ruler onto the fabric so that the ruler marking of the required square size is on the fabric edge. Use the rotary cutter to cut along the edges. The straight grain is at the long side of the triangle.

Accessories

611 500
Ruler rack, 50 x 10 x 1.9 cm

G

Wooden; for storing rulers upright without touching;
prevents scratching.

G

Without contents.

611 247
Fabric grips, 36 pieces

H

Prevent rulers and stencils from slipping.

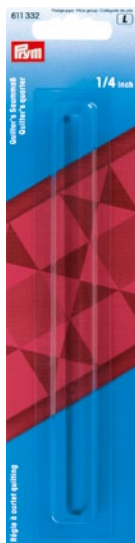

H

Measuring

A

B

C

D

Tape measures

Tape measures from Prym are highly flexible and yet absolutely dimensionally stable. Precise imprints are the prerequisite for equally precise measurements – both in centimetres and inches, thanks also to the end caps fitted with millimetre precision. The combined cm/inch tape measures help you easily measure in either unit and quickly convert from one to the other.

282 690
FIXO tape measure, 150 cm

A

For worktops; self-adhesive.

611 332
Quilter's quarter, 1/4 inch

B

Facilitates marking and measuring of the 1/4 inch seam allowance; ideal for working with stencils.

610 730
Sew and knit gauge, 12.5 cm (6 inch)

C

For setting, measuring and marking any measurement.

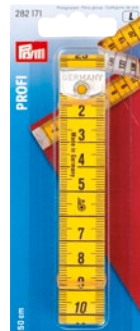

610 730
Hand gauge, 21 cm scale

D

Handy measuring tool, especially practical when working on the sewing machine.

E

F 

G

611 312
Flexible curved rule, 50 cm (20 inch)

E

Very pliable, facilitates marking and transferring of round and curved shapes for individual quilt or template design.

282 260
Spring tape measure JUMBO, 300 cm (120 inch)

F 

Spring tape measure with cm and inch scale.

282 171
Tape measure PROFI, 150 cm

G

Heavy quality with eyelet.

282 700
Spring tape measure prym.ergonomics, 150 cm

H

Ergonomic design, innovative casing ensures that tape lies flat; with cm scale.

282 701
Spring tape measure prym.ergonomics, 60 inch (150 cm)

Ergonomic design, innovative casing ensures that tape lies flat; with inch and cm scale.

H

Cutting

2

The right cut

Rotary cutters from Prym are great for patchwork. Special cuts that require precision are made significantly easier with these practical tools. They easily cut up to 20 layers of fabric at once or cut neatly along a long, straight line – both forwards and back.

Tips:

- Take the rotary cutter apart for regular cleaning. A small drop of sewing machine oil on the blade makes it run more smoothly for more precise cuts.
- Worn blades can still be used for handicraft to cut paper or cardboard.
- Regularly replace the blades as sharp rotary cutter blades protect the hand from unnecessary fatigue while blunt blades can produce inaccurate cuts and damage the cutting mat.

Rotary cutters

611 580
Rotary cutter Super Mini, Ø 18 mm

A

611 581
Spare blades for rotary cutters, Ø 18 mm, 2 pieces

Standard handle; in pen shape; for appliqués, miniature quilts, curved piece quilting; exceptionally manoeuvrable and precise.

611 371
Rotary cutter Mini, Ø 28 mm

B

611 373
Spare blades for rotary cutters, Ø 28 mm, 2 pieces

Standard handle; particularly handy for curves and small distances.

611 370
Rotary cutter Maxi, Ø 45 mm

C

611 372
Spare blade for rotary cutters, Ø 45 mm, 1 piece

610 472
Spare blades for rotary cutters, Ø 45 mm, 3 pieces

Standard handle; for cutting 4-8 layers of patchwork cloth with millimetre precision and no loose threads – the most frequently used rotary cutter.

611 387
Rotary cutter Jumbo, Ø 60 mm

D

611 388
Spare blade for rotary cutter Jumbo, Ø 60 mm, 1 piece

Standard handle; for thick fabrics, interfacings and multilayer cutting; cuts up to 20 layers of cloth with next to no force due to its 60 mm blade diameter – depending on cloth thickness and quality.

610 470
Rotary cutter Omnicut, Ø 45 mm

E

Soft handle; with automatic blade protection and individual adjustment of cutting pressure.

611 393
Rotary cutter Comfort, Ø 45 mm

F

Comfort handle; the blade moves into the cutting position when the handle is squeezed; the blade moves back into its home position once the handle has been released; a lock keeps the blade in the working position whenever required.

611 368
Multi-purpose rotary cutter, Ø 45 mm,
with 2 additional blades

G

611 367
Pinking spare blade for rotary cutter, Ø 45 mm, 1 piece

611 365
Wave spare blade for rotary cutter, Ø 45 mm, 1 piece

Soft handle; can either cut straight edges, pinking shapes or curved outlines. With exchangeable blades and clip-on guide arm for cutting seam allowances. With 3 interchangeable blades: standard, pinking and wave blades in a set.

Cutting

A

B

C

D

E

610 471
Circle cutter, Ø 18 mm

A

Cuts circles of a diameter of 4-22 cm; the ideal tool for compass quilts, bullseye, fabric yo-yos, round embroidered motifs etc.

611 395
Art knife

B

611 396
Spare blades for art knife, 25 pieces

With 3 special blades and blade guard; for making templates.

610 762
Multi box Silver Edition, 3,5 x 6,5 x 20 cm

C

Protects the rotary cutter during transport.

611 361
Fixing weights MAXI, Ø 70 mm, 2 pieces

D

610 475
Chenille cutter, Ø 60 mm

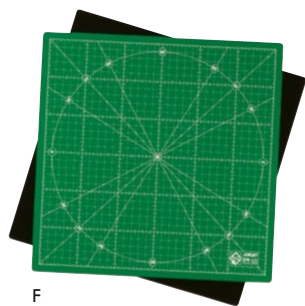

E

610 476
Spare blade for chenille cutter, Ø 60 mm, 1 piece

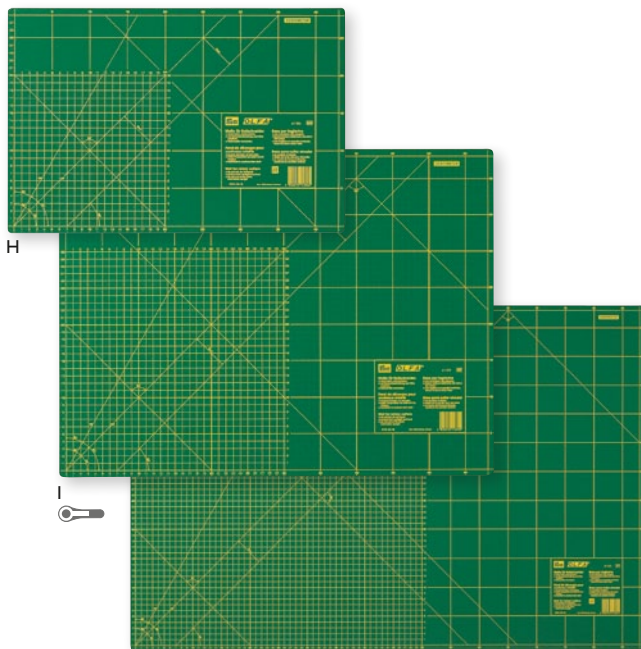

For the creation of unusual fabric effects; cutter has 4 guides S, M, L and LL with different widths for central cutting of tunnels in different widths.

Tips:

- Chenille cutter
Once all tunnels are cut, place the fabric in the washing machine and then in the tumble dryer. Alternatively, the top layer can also be napped with a brush to produce the chenille effect.
- Circle cutter
When cutting larger fabric circles, the fabric can additionally be fixed using the fixing weights.

F

H

J

G

Cutting mats

Cutting mats are indispensable for work with the rotary cutter, helping to produce optimal cuts while being soft enough to protect the blades. They are available in two versions – printed on both sides with front metric and back inch scale, or on one side with your preferred scale and a grey back.

Tip:

Never use the cutting mats as ironing underlays!

651 447 Patchwork starter set

G

Contains everything for a start in this hobby:

- 1 cutting mat 30 x 45 cm / 11 x 17"
- 1 rotary cutter Maxi
- 1 AQUA trick marker, water erasable
- 20 g glass-headed pins yellow, extra long
- 1 ruler 15 x 30 cm
- 1 card of hand sewing needles, between no. 12, 20 pieces
- 1 set of patchwork instructions 'Cushion'

611 386 Cutting mat, 30 x 45 cm / 11 x 17 inch

H

611 374 Cutting mat, 45 x 60 cm / 17 x 23 inch

I

611 382 Cutting mat, 60 x 90 cm / 23 x 35 inch

J

Printed on both sides (front metric, back inch).

610 404 Rotating cutting mat, 30 x 30 cm

F

Ideal when working with templates. By rotating the cutting mat, the fabric is brought into the best possible position for cutting.

Cutting

Scissors

Taylor's shears from Prym impress from shaft to point with superior quality in precision and cutting accuracy. Their high-quality stainless steel blades are assembled and ground in such a way that squeezing or crushing of the fabric is impossible. The soft handles offer outstanding ease of use and steady handling. Prym embroidery and needlecraft scissors with pointed tip enable easy and precise insertion, as the high-quality blade cuts with millimetre precision right up to the tip.

611 513 A
Tailor's shears for left hand use 'Professional', 21 cm = 8"

Standard handles; handles and blades have been ground and assembled for full left-hand use.

611 512 B
Tailor's shears 'Professional', 21 cm = 8"

Soft handles.

611 508 C
Xact scissors with micro serration, 21 cm = 8"

Soft handles; precisely cuts difficult materials such as silk and synthetic fibres. The micro serration prevents fabric from slipping.

611 511 D
Sewing/household scissors 'Professional', 16.5 cm = 6 1/2"

Soft handles.

611 509 E
Textile scissors curved 'Professional', 13.5 cm = 5 1/4"

Standard handles; when using several layers of cloth, the rounded tips ensure that only the top layer is cut.

611 517 **F**
Tailor's shears 'Professional', 23 cm = 8 ¾"

Soft handles; for straight, clean cuts due to angled blades.

611 518 **G**
Tailor's shears 'Professional', 25 cm = 9 ½"

Soft handles.

611 515 **H**
Pinking shears 'Professional', 21 cm = 8"

Standard handles; no neatening of fabric edges due to serrated cutting edge.

611 523 **I**
Thread scissors 'Professional', 12 cm = 4 ½"

Soft handles and protective cap; for snipping off threads quickly and precisely.

Stitch rippers

610 931  **J**
Stitch ripper small, prym.ergonomics

610 930 **K**
Stitch ripper large, prym.ergonomics

With ball point; ergonomic design facilitates fatigue-free working.

3

Neatly pinned

From quality hand sewing needles to reliable straight and safety pins, all types of pins and needles from Prym are perfect precision tools. Centuries of experience in metal processing combined with the latest production technology available today guarantee a consistently professional quality of Prym branded pins and needles.

- The optimal heads are burr-free and easy to grip.
- The caps of the safety pins are evenly drawn with no burrs or sharp edges.
- All eyes are perfectly symmetrical with a smooth and snag-free surface.
- Steel pins and needles are hardened and tempered for a uniformly polished, non-porous and refined surface guaranteeing excellent smoothness and good protection against rust.
- Perfect balance between flexibility and flexural strength of the needles ensures smooth sewing without bending or breaking.
- Thanks to maximum spring resilience, the safety pins are easy to open, yet close firmly and securely.

A note for all quilters!

Prym is always a step ahead when it comes to specialities and innovations. We are continuously focused on development, guided at all times by the changing requirements of our customers.

Our Patchwork and Quilting catalogue presents you with our current product assortment. If you would like to receive regular information about up-to-date supplements and future additions to the range, simply register at the following address to receive our special Newsletter for Quilters.

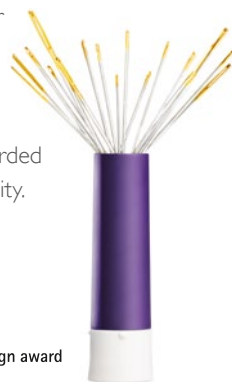

Registration ensures that in spring, for instance, we can tell you all about our innovative hand sewing needle concept which we have specially developed for you. Curious? Then don't delay – register now.

As a thank you for your quick response, the first 100 registrations will receive our needle twister, which was awarded the red dot seal of quality.

Pinning, tacking, sewing

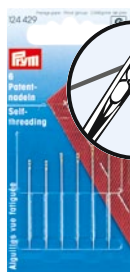

A

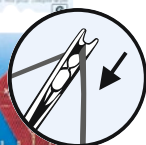

B

C

D

E

F

Hand sewing needles

The hand sewing needles are finger friendly with a burr-free finish and symmetrically cut eyes. This facilitates threading without damaging the thread. Their user-friendliness is complemented by easy penetration of the fabric thanks to a smooth and snag-free surface.

121 305 A
Hand sewing needles between, with gold eye, No. 3-7, 20 pieces

121 294 B
Hand sewing needles sharps, with gold eye, No. 3-7, 20 pieces

124 659 C
Darning needles long, with gold eye, No. 3-9, 10 pieces

Ideal length for tacking the three quilt layers.

124 429 D
Self-threading needles with split eye and gold eye, No. 5-9, 6 pieces

Facilitates threading for the partially sighted.

Safety pins, brass / hardened steel

Safety pins from Prym are made of rustproof brass and are renowned for their top-quality nickel finish for extra smooth penetration. The curved pins find their way through the rear side and filling back to the top layer "almost on their own".

071 380 E
Safety pins, curved, silver-coloured, 38 mm, 150 pieces

071 390
Safety pins, curved, gold-coloured, 27 mm, 120 pieces

Plastic-headed pins

028 520 F
Quilter's flat flower pins, 50 mm, 50 pieces

Very popular as the head is not only easy to grip, but also particularly flat and resistant to ironing; the pins easily hold several fabric layers together; lie flat under the ruler and thus prevent the fabric layers from slipping when being cut with the rotary cutter.

G

H

I

Glass-headed pins

Glass-headed pins from Prym are made of high-grade Murano glass that can withstand ironing. The pins can be used in many quilting processes – from tacking strips and blocks together to checking their effect all the way to preparation for sewing and tacking, or preventing the layers from shifting.

029 700
Glass-headed pins, red, 35 x 0.40 mm, 5 g

G

Rust protected; extra fine pins for fine fabrics and appliqué work; resistant to ironing.

029 153
Glass-headed pins, yellow, 43 x 0.60 mm, 20 g

H

029 160
Glass-headed pins, yellow, 43 x 0.60 mm, 40 g

Rust protected; extra long pins easily hold several layers, while they are fine enough not to damage the fabric; resistant to ironing.

029 255
Glass-headed pins, white, 48 x 0.80 mm, 30 g

I

Rust protected; resistant to ironing.

Sewing machine needles

Sewing machine needles from Prym meet the most stringent quality standards from shank to point. This is evident in the perfected geometry and first-class machining of each needle. The precisely vertical groove accurately takes up the thread for faultless looping in the flute. The specially polished eyes prevent annoying thread breakage to ensure consistently reliable sewing results.

Universal needles

Special and double needles

B–D

Application areas for sewing machine needles from Prym

Needle type	Type	Area of application	Fabrics	Needle gauge	Needle shape
Universal	standard	almost all natural and synthetic fabrics	chiffon, georgette, organdy	60, 70	
			batiste/cambric, artificial silk	70	
			union linen, corsetry fabrics, poplin, shirts, blouses, dresses	70, 80	
			cambric, linen, suits	80, 90	
			table linen	90, 100	
			coat fabrics	90, 100	
Jersey	medium rounded point	knitted and woven fabrics	open-work fabric, cotton knitted fabric, lycra, knitwear, corsetry fabric	70-90	
			tulle, gauze, jersey	70, 80	
			coarse woven fabric and knitwear, curtains	80, 90	
Stretch	medium ball point, special flute shape	stretchy fabrics and highly elastic knitwear	etched-out velvet, cotton knitted fabric, jersey bed linen, stretchy fabrics, fleece, velour	75, 90	
			fine silk jersey, lycra, highly elastic knitwear, corsetry fabrics, velvet	75	
Leather	triangular point	leather and similar materials	leather, artificial leather	80, 90	
			thick leather, hard artificial leather	100	
Jeans	extremely slim point, strengthened shank	tough fabrics, also for artificial leather	plastic foil, oilcloth	90	
			bed linen, artificial leather, canvas	90, 100	
			cord, denim, twill	90-110	
			working clothes	100, 110	
Microtex	pointed, slim point	extra fine fabrics	micro-fibre fabrics, silk, plastic foils, sequin fabrics, nylon, polyester, poplin	60-80	
			organza, taffeta	60, 70	
Embroidery	wide eye, light ball point, wide flute	embroidery with embroidery and fancy threads		75, 90	
Quilting	slim point	quilting and stitching		75, 90	
Topstitch/ Metallic	long eye	topstitch needle for top and edge stitching with heavy decorative threads and for embroidering with metallic thread		80-100	

4

Easy transfer

With an extensive assortment of products, Prym also provides the answer to every marking need. Whether ergonomic marking tool or self-erasing or water erasable pen, with fine or thick lines – you are guaranteed to find a practical solution to

meet your personal preferences. Quilt patterns, as a result, are easy to transfer and fabrics marked with utmost accuracy.

Tips:

- All markings using water erasable pens are effortlessly removed by gently dabbing them with water or the water pen.
- Always test the marking properties on a fabric remnant before use, as the various material compositions react differently with the ink.

A

B

C

D

Marking accessories

611 823

Water pen with 3 refill tips

A

611 822

Refill tips for water pen, 3 pieces

To be filled with water; for temporary marking on fabrics; for erasing markings of water erasable pens; for marking lines and subsequent folds - the dampened marking line facilitates the folding of the fabric.

987 185

Aqua glue marker

B

987 186

Cartridge refill for aqua glue marker

Helps to position fabrics, trimmings, lace, embroidered motifs and zip fasteners without pins; adhesive is visible due to yellow colour; the colouring disappears when glue is dry; the glue can be washed out. Ideal companion when sewing with paper templates, helps to fix hems.

610 950

Chalk wheel 'Mouse', prym.ergonomics

C

Ergonomic design facilitates fatigue-free working; tracing wheel produces fine chalk lines; with surface of soft material and integrated chalk level indicator window.

610 955

Chalk wheel 'Stick', prym.ergonomics

D

Ergonomic design facilitates fatigue-free working; tracing wheel produces fine chalk lines; owing to recessed grip for index or middle finger; the stick adapts to the user's individual hand position.

610 956

Chalk cartridge white, prym.ergonomics

610 957

Chalk cartridge yellow, prym.ergonomics

Refill for 610 950 and 610 955.

5

Helpful and decorative

A quilt derives effect from its special pattern to become an individualized article of daily use through neat and robust workmanship. This chapter offers useful accessories for experienced quilters and complete novices to decorate and trim a quilt.

The stencils with traditional quilt patterns and the stencil/template sheets, which you can use to create your own motifs, will help you design your favourite quilt pattern in next to no time.

You will also find many other articles here that will make your creative work fun and easygoing – including tape makers/bias binding makers, which are available in different sizes to produce trimmings, bias bars for quick appliques, or the turning set to facilitate turning tubes of fabric in different tunnel widths.

A

B

C

Stencils

Use the stencil/template sheets to create individual designs for quilting and patchwork. The gridded sheet provides a graphic guide to help you design your own patterns.

Quilting stencils

Hand-quilted patchwork covers are extra special – their hand-made quality makes them exceptionally soft with a typical pattern that conspicuously seems to come alive.

Quilting stencils also make it easy to transfer the most wonderful floral or geometric patterns onto the top using the marking pencil – there is something here to suit all tastes. The stencils can be used for hand or machine quilting and are also suitable for handicraft and painting.

610 103
Quilting stencil Hearts, 15.3 x 45.7 cm

A

610 101
Quilting stencil Mandala, 10 x 38 cm

B

610 102
Quilting stencil Minis, 15 x 30.5 cm

D

E

Accessories

611 293
Binding & hem clips, 30 pieces

A

For holding bindings and hems in place during sewing.

611 331
Dressmaker's and quilter's tape, 6 mm x 9 m

B

Adhesive on one side; for marking straight lines or diagonals.

611 250
Dressmaker's wax

C

Before sewing, run the quilting thread through the wax: strengthens thread and prevents tangling and splicing; makes pins slide easier.

968 060
Spray adhesive, 250 ml

D

Spray adhesive is a substitute for tacking or pinning. It temporarily holds the fabric layers together when hand or machine quilting. Also suitable for all appliqué work. It is free of toxic substances and can be washed out.

Tape makers/Bias binding makers

611 101
Tape maker/Bias binding maker, 6 mm folded width

611 343
Tape maker/Bias binding maker, 12 mm folded width

611 345
Tape maker/Bias binding maker, 18 mm folded width

611 344
Tape maker/Bias binding maker, 25 mm folded width

E

610 350
Tape maker/Bias binding maker, 50 mm folded width

For making one's own bias bindings in 6, 12, 18, 25 and 50 mm widths for quilt trimmings, also suitable for other tapes/bindings (instructions enclosed).

F

H

I

Sundry accessories

611 309
Bias bars, 5 pieces

F

30.5 mm x 3, 4.5, 6.5, 9.5, 12.5 mm
12 inch x $\frac{1}{8}$, $\frac{3}{16}$, $\frac{1}{4}$, $\frac{3}{8}$, $\frac{1}{2}$ inch

Of heat resistant plastic; helps to iron bias bindings;
facilitates the making and shaping of bias bindings for
Celtic Appliqué or fine appliqué work.

611 346
Loop turner, 1 piece

G

Turns sewn tunnels of fabric to the right side.

610 190
Turning set

H

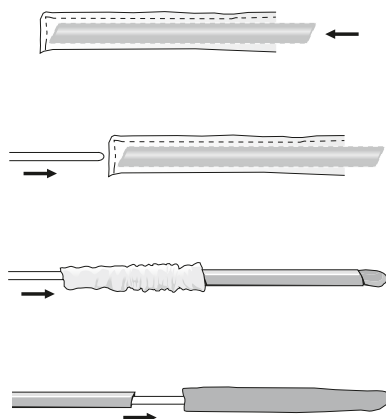

For turning tubes of fabric in different tunnel widths;
also ideal for bag handles and straps of fabric.

610 191
Corner and edge shaper

I

Flat seams without ironing – simply smooth down.

Function of the turning set:

Thimbles/Finger guards

Thimbles are the most important utensils for quilting or sewing by hand. The vast Prym assortment here again provides many solutions in various sizes. The decision is yours – choose from our wide range of metal, plastic or breathable leather thimbles.

431 860
Thimble, 14 mm

431 861
Thimble, 15 mm

431 862
Thimble, 16 mm

431 859
Thimble, 16.5 mm

431 863
Thimble, 17 mm

431 864
Thimble, 18 mm

A

Zinc die-cast chromalized; with non-slip edge.

431 312
Tailor's thimbles, 16 mm

431 313
Tailor's thimbles, 17 mm

431 314
Tailor's thimbles, 18 mm

Steel.

B

431 790
Thimble, adjustable

Plastic; ideal for longer fingernails; individually pliable when dipped in hot water; good air circulation around the finger through opening at the thimble tip.

C

611 333
Quilter's guard, adjustable

Plastic; protects the finger of the hand placed underneath the fabric; adjustable for all sizes.

D

435 220
Leather thimble, universal size

With elastic knitted insert adjusting to the finger size. The soft leather ensures high comfort, while the knitted insert adapts to the finger.

Interfacings and adhesives

The adhesives in the Prym range can be used on diverse materials, from cotton to synthetic fibres through to leather. Adhesives for both permanent bonding and temporary gluing enable a wide variety of creative work. As a practical bonus, many of the adhesives wash out as a special attribute. Easy application on large areas, precise dosing of the adhesives and suitability when working on the sewing machine all combine to make your job easier and present a wealth of interesting possibilities for versatile use – such as the creation of original surface designs. All adhesives meet the legal requirements and standards.

968 205
Embroidery interfacing, white, 90 x 45 cm

A

Suitable as carrier material for paper piecing, can be torn out after use.

968 195
Creative interfacing, white, 90 x 45 cm

B

As base and stabiliser for embroidery and new creative techniques; water soluble; rinsable in cold water without leaving any residue.

968 190
Deco interfacing, white, 100 x 17 cm

C

Paper adhesive on both sides, for simple appliqué work; can be ironed on.

968 210
Polyester filling, white, 250 g

D

Material (100% PES) for filling cushions, duvets, toys, dolls etc.; soft, warm and odourless; retains its shape even after washing.

E

F

G

H

I

J

987 125
Wonder tape, 6 mm, 9 m

E

Transparent tape for basting, adhesive on both sides.

987 170
Fusible bonding yarn, 40 m

F

For making invisible hems; replaces thread on sewing machine or overlock; after neatening the fabric, simply iron the hem in place.

987 180
Glue stick, 9 g

G

For attaching fabrics, appliqués, emblems, lace and lots more; can be washed out.

968 020
Fray Check, 22.5 ml

H

A colourless liquid which strengthens and binds fabric surfaces; prevents textiles from fraying.

968 001
UHU fabric glue, 20 g

I

Permanently bonds all fabrics, e.g. for surface designs.

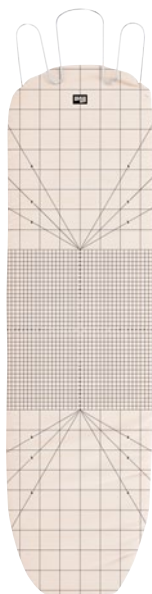

968 008
Textil+ Adhesive, 30 g

J

For glueing leather, fabrics, rubber, wood, metal, synthetics and lots more.

Ironing and care

611 922 A
Ironing board cover, gridded, with cm scale, 125 x 40 cm

611 923
Ironing board cover, gridded, with cm scale, 145 x 50 cm

Professional ironing underlay for textile handicrafting.

611 915 B
Steam iron, Mini

Ideal for needlework, handicrafts and when travelling; with measuring cup and carrying bag; mains voltage can be switched to 110 or 220 Volt; a nifty helper with excellent ironing quality. Depending on the country, a plug adaptor may be necessary.

611 911 C
Iron rest, silicone

Heat resistant and non-slip surface for short-term resting of the iron.

611 914 D
Finger guards, silicone, 3 pieces

Heat resistant finger guards for short-term protection when ironing; ideal for ironing seams, hems and narrow edges.

611 926 E
Ironing sheet, Multi, 50 x 92 cm

Multifunctional ironing underlay, with printed cm grid and angle markings as well as sorting loops and pockets, pin cushion and removable fabric bag.

611 925
Ironing blanket, 90 x 60 cm

Light ironing underlay; for ironing on all even surfaces; reversible; silver-coloured and with printed centimetre grid.

987 253 F
Wool lotion, 500 ml

For wonderfully soft quilt care.

G

H

Storage

612 380
Quilter's travel case, 35 x 36 x 7 cm

G

Professional case for the travelling quilter; with pockets for sundry items; suitable for unfinished quilt blocks up to a size of 32 x 32 cm – practical format allows work on the lap.

612 823
Trolley, 37 x 24 x 44 cm

H

Case in imitation leather; black; allows professional quilters to store all patchwork and quilting accessories.

612 410
Patch bag, 55 x 70 cm

I

For storing patchwork and quilting accessories; ideal course and travel companion.

I

All products illustrated are without contents.

The quilt is finished!

As a quilt is made block by block, we have systematically arranged this catalogue section by section.

Our thanks go to Claudia Huber, Herma Becker, Hannelore Steinkamp and Klaus Sutter for the creative implementation of our quilt.

Enjoy browsing through this catalogue and creating your own individual quilt.

8

Functional and stylish

Thanks to its ergonomic design and non-slip materials, our innovative ergonomics product range ensures everything is well in hand. The tools in this range have won the prestigious red dot design award not only for attractive design, but especially also for outstanding functionality. Their optimized fit with slender, curved forms and relaxing recessed index finger rest ensures fatigue-free working. You will love it.
