

BERNINA event with Jutta Hellbach - Germany

Shopper bag in multitransparency

2 Day workshop & Jutta Hellbach Trunk Show

On the first day , you will learn:

- How to convert a **white cotton poplin fabric** into a **lovely printed fabric** of your own , which no one can copy as every one will have his or her own unique design. For this extravagant shopper bag all the fabrics will be created by you only on your own. As a painter starts his painting on white canvas , you will start your creativity with white fabric.
- About different print techniques and colours to create fabrics , but the main focus will be on this very unique and very special transparent technique , where several prints are layered , one on top of the other , to create these very special effects on your fabrics
- How to combine motifs and colours
- How to play with light and shade , to leave small spaces of white fabric white and to intense spots
- As a bonus, Jutta will also teach to create 1 or 2 artcards , made of special paper , that can be sewed ! see <http://blog.bernina.com/de/2014/03/augenfutter-a-la-carte/>

On the second day , you will learn:

- On a BERNINA sewing machine how to do further colouring and underlining of the printed fabric that you created
- Various ideas on using freemotion quilting to give the shopper bag your personal handwriting
- Step by step how to sew the bag by using different materials , such as **corkskin** for the bag bottom and bag handles
- From Jutta herself several tips and knowhow to make bags absolutely solid and professional in looks
- How to do do free motion sewing , quilting and embroidery smoothly by BERNINA Sewing Machine and to embellish your project beautifully
- At the end of the second day , how to sew and finish the artcards that you created on the first day

After completing the course you take back home your completed project and a BERNINA Certificate issued by the artista - Jutta Hellbach and BERNINA

Paper Lamination

1 Day Workshop & Jutta Hellbach Trunk Show

In this workshop Jutta will lead you through the mystery of Paper

Lamination

You will learn:

- To create your first paperlamination on finest organza , print fabrics , experience with free motion quilting and finish your first paperlamination artquilt on a BERNINA
- A lot of possibilities to create complex surfaces on fabrics such as organza or voile
- The process of paperlamination which connects paper permanently to fabric by using a special acrylic medium
- The usage of thermofax screens for laminating paper on organza with acrylic medium and printing with colour on fabric and how to work and cut organza with a fabric master
- In this class from Jutta to create a small artquilt , made of a layering of printed and freemotion quilted cotton and a special surface of paperlaminated organza
- To acheive tranparency and how to give a three dimensional effect to your creation
- From Jutta herself how to transfer this technique on various textile objects such as artbags , quilts or bookcovers
- In addition to all of above you will learn from Jutta as she gives a step by step demonstration creating one of her special artbags on a BERNINA sewing machine

After completing the course you take back home your completed project and a BERNINA certificate issued by Jutta Hellbach and BERNINA
