

QuiltMotion Touch
for
BERNINA

Crosshatch Pantograph

Created by Denise Jones

Use QuiltMotion Touch for BERNINA to create a Crosshatch Pantograph from Crosshatch design. The Crosshatch Pantograph can be used on any size quilt to be quilted. With the PantoStacker the process is easier than ever.

Supplies

Machine & Accessories

- BERNINA 830, 820 or 7 Series
- BERNINA Quilting Frame
- QuiltMotion Touch for BERNINA Software
- Crosshatch design lesson created with QuiltMotion Touch

QuiltMotion Touch- Crosshatch Pantograph

Open **QuiltMotion Touch** and then select “**New Pantograph**”.

Set “**Safe Area**” if needed.

Set **Mode** by clicking the mode dialog box of present mode and change to Advanced.

Enter:

36” in Total Height
36” in Total Width
4 in Patterns
8 in Rows.

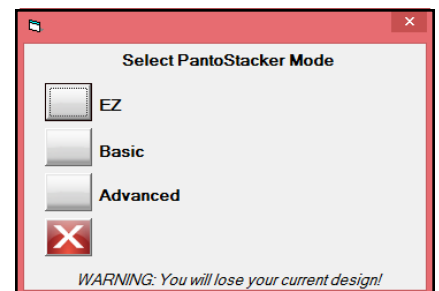

Select Pattern		Row Height	
	Advanced	4.5	
Patterns	+	Pattern Height	Pattern Width
4		4.5	9
Rows	+	Total Height	Total Width
8		36	36

Notes

Home Screen for QuiltMotion Touch

Mode dialog box

Advanced Tools Available

Select **All/None** until all rows are selected.

Select Pattern: navigate to where the *Crosshatch design* created earlier was saved. Select and open in pantograph.

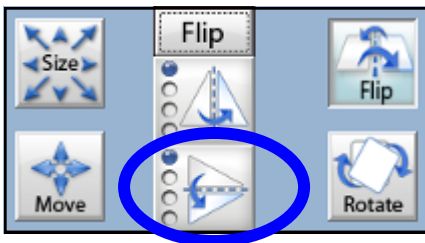

Select **All/None** until no rows are selected.

Select rows that only have one design in them: change **Pattern** number to 4.

Select **All/None**.

Select **Alternate**.

Select **Flip** and **Flip Vertical**.

Select **Quilt As Rows**.

Notes

Alternate rows selected before Flip

Alternate rows selected after Flip

A New Screen will open:

Place row by using one of the Anchor placements with the yellow flag.

Sew out row.

When finished, a dialog box will appear click to processed to next row.

Pattern may be out of safe area: click **OK**.

Select **Move Machine To....** the point where the row was first placed (**Left, Top or Right**).

Sew Corner Mark to show placement spot. Select **Continue**.

Place next row.

Continue in this method until all but last row is completed.

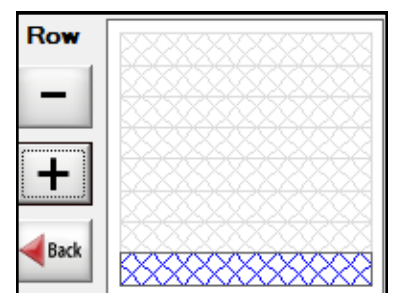

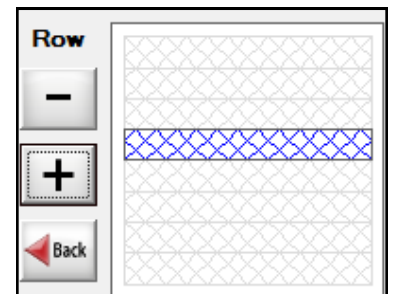

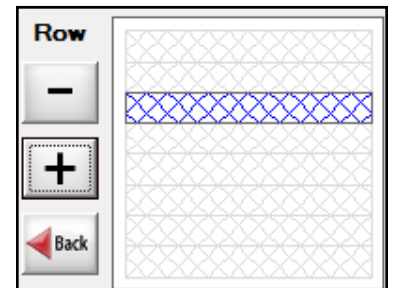

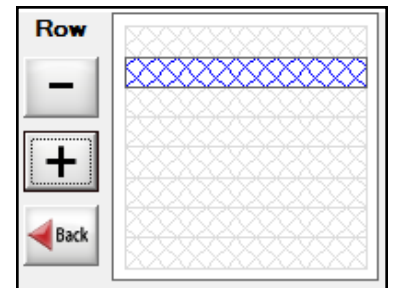

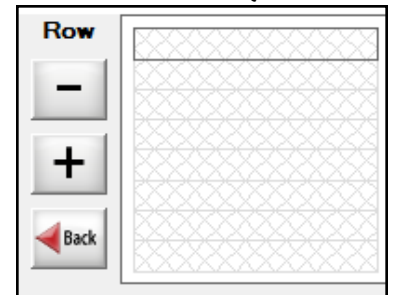

If last row needs some tweaking use the placement icons on the bottom row of placements. **Move Lower Left, Distort Lower Left, Distort Lower Right** and **Move Lower Right**.

Notes

The Crosshatch Pantograph can be created in any size just by changing the Total Height, Total Width along with the number of Patterns and Rows.
