Simply More Creativity!

The BERNINA 3 Series puts creativity at your fingertips. Direct-selection buttons provide quick access and simple operation. The high-contrast LCD screen helps you keep track of your stitch selection and settings. The start/stop button, slide speed control, semi-automatic needle threader, and one-step button-hole functions let you sew, quilt, and create effortlessly. The bright LED lights, the extension table (optional on the B 330), and the Free Hand System (standard on the B 350 PE) provide a comfortable environment to set your creativity free.

Swiss Tradition

For decades, BERNINA has been passionately committed to developing cutting-edge sewing and embroidery machines for creative people. Swiss precision is at the heart of every product we make. BERNINA—standing for Swiss tradition since 1893. BERNINA—made to create.

Simply More Quality!

The BERNINA 3 Series machines lead the way in both design and technology. More than just contemporary styling, each and every facet of the machine has been carefully considered—both inside and out. All BERNINA products are manufactured exclusively with high-quality materials to ensure a superior level of performance. Quality and durability are seen in the precision of each stitch and the needle penetration power through sturdy decorator fabrics with the same level of ease as through silk or lace.

Simply More Inspired!

Whether it's fashion sewing, creating home accessories, sewing for children, or quilting, the BERNINA 3 Series models offer design freedom. Successfully sew and embellish your favorite fabrics with an exclusive level of stitch control—alter stitch length, width, and needle position on every stitch! Combine decorative stitches or lettering to create custom combinations perfect for your next project. Ready for even more? The wide range of available accessories will inspire you to stretch your creativity in new directions.
